The Milky Way Vagrant Said to Be Due To-Morrow Night.

no Wise Astronomers, Though, Say It Is Running Away.

While the learned professors of astronomy are disputing whether the comet, which has been filling the heavens nightly for a week past with glinting, glittering meteors, will de with the earth or not business is going on as if there were no apprehension in the minds of the people. Scientists generally the heavenly vagrant at 10 o'clock to-morrov struction is coming, if not to the whole world, he collision takes place. ere are a few in lividuals in various parts

of this country who are inclined to scoff at the idea that Mr. Blein's comet can knock out Mother Earth, and these have persistently refused, against every warning, to prepare for the excursion through space which, according to the other throng, they will be confined to the other throng, they will be said. to the other theory, they will be started on when the comet hits us.

roons will be caught with their lines still at the laundry and their gripsack spacked. But more credulous and thrifty amithereans, will be found souring smong the stars and things astride their re-litchmond Terminn, will take steps to cancel protite smithereens, with provisions and the lease of the Georgia Central Rullroad. othes enough strapped on behind for a long voyage in varying climes.

ened to the warning of the Last Chance Liar Bristol, Tenn., who promulgates the story of a newborn baby, which apparently came etherial friends of Ann O'Della Diss Debarr. That intraculous infant, according to the Last Chance Liar aforesaid, fived only long enough to utter its prophetic cry for which it had been provided with a full set of teeth and a deep, base voice. It was possessed of all the faculties of maturity, and it is alleged to have said, solemnly :

Time here is short. Then, says the Last-Chance Liar, it proved its assertion by closing its eyes and easing to breathe.

Say the Tennesseeans: What could that baby have meant if it did not mean that Mr. Biola's comet was about to shiver the timbers of this regular liner in the universal seas of

of this regular liner in the universal seas of space?

Then there is Chicago, which not content with the World's Pair, National conventions, a Democratic that wave, and other big things, has put its hand out, like Oliver Twist, saking for more, it demands, as the ampire city of the West, that it the comet is going to his us to-morrow night, the point of contact shall be at Chicago, and Prof. Elias Colbert, the famous astronomer of that town, loyally prointies that if the comet his at all, it shall be at Chicago at 0.40, just fifteen minutes earlier than it is scheduled to meet the rest of the earth.

schence as compared with the misery of this uncertainty.

If the prognostications of the comet-fearers are fulfilled and the Vagrant of the Milky Way door collide with our planet, readers of the Eventset Word of the Eventset With our planet, readers of the Eventset that contact has occurred full particulars of the event will be spread before them in Extra Editions.

It is reported that some enterprising, histling young men, have secured the Polo drounds, where reserved seat tickets for the accommodation of those who wish to see the collision of the Earth and the comet to the best advantage will not be despoiled by speculators as they were at the football game.

SUICIDE OR ACCIDENT.

Coroner Messemer to investigate Josef Frang's Death.

The death of Josef Franz, the infrieen-vearold boy who was killed by a shot from a pistol Thursday atternoon, at his home in East Fifty-ninth street, was reported at the Coro-

sooner, and the circumstances attending his death 'each to the suspicion that the boy killed himself. Coroner Messemer will make the Inquity. The chief grows that the lad committed subject is given by an examination of the cartridge that killed him. A use in it shows that it taked to explode when the hardner first struck it, and that in order to discharge the weapon the lad must have deflicately recorded it.

The only motive known for the boy's alleged see is that he was abserted at his lather, who retured to allow him to go out and play.

The boy's life was insured in the fruidential life insurance Company for \$100.

Deputy Coroner toolway will make an suropsy te-day and the insured will be neld heat week.

A MILLION IN SILVER

To-Day's Shipments Make the Saale a Veritable Treasure Ship.

Unusually large shipments of silver and gold went on the outgoing steamships to-day. Lauard Freres shipped to Paris by La Cham-pagne \$000,000 in gold. pagne \$000,000 in gold.
The North German Lloyd liner Saale, which

The North German Lloyd liner Saale, which salien for Southampton and Bremen, carried perhaps the largest amount or filter ever taken out by one vessel. There was a total shipment of \$436,000. This was made up of Merican coin and silver bars.

The silver is going to various English bankers of London.

J. E. Ward & Co. sent \$130,000 in Mexican coin; Nessiage, Co. gate & Co., \$16,300 in bars; J. W. Seligman & Co., \$54,000 in bars; J. W. Seligman & Co., \$54,000 in bars, and Labenburg. Thalman & Co., \$56,000 in bars, and Labenburg. Thalman & Co., \$56,000 in bars.

A REMARKABLE LAPDOG.

Only a Huge Rat Sewed in a Dog's Coat.

According to a St. Petersburg correspondent, an extraordinary case will come on for trial there next week.

The plaintiff, a lady, took a strong fancy to a tiny lapdog a few months ago, which she declared was the prettiest and funniest little creature she had ever set thusiasm by asking an exorbitant price thusiasm by asking an exorbitant price face countries to follow a gags once at a time in his mouth, never treaking one.

Shooting over dogs is necessarily becoming more and more restricted each of the ware passenger and there odd hits of shooting still to be had where a good dog is not only an advantage, but an absolute necessity, and for such work and of course, the sudden coughing roar of which is paralyzing to the coolest, and as possible, by one master throughout his entire career, to bring out the full extent of his "usefulness."

One such long gone over to the majority, poor fellow, we verily believed to be over existed, and we would not have intended the provided that it is the could do everything but talk."

The dealer, however, damped her entitled in not actually articulate, his honest old thusiasm by asking an exorbitant price face and there are hore and more restricted each work and there are hore and there odd hits of shooting still to be had where a good dog is not only an advantage but a would not actually an advantage and the businest reaking one.

Shooting over dogs is necessarily becoming more and more restricted each when the hunter may be seized before he has been and there odd hits of shooting still to be had where a the server where it has every advantage and the hunter may be seized before be has time to raise his rife.

"I felt weak and obsay in the morning and my stomach world not digest well, and made me feet so it would burst. I had exeruciating patn in the pit of my stomach at times. I need appeared in Paris, narrates an incident in the life of the famons architect, Viollet-le-Duc, which occurred in July, all day-in fact, I feel like a new man. I would 1870, when he was in Switzerland, says not be without Dr. Greene's Nervura blood and the Youth's Companion.

The was one day on the Schwarzenberg! Mr. Jacob Simon, the second of this due of

tie was one day on the Schwarzenberg glacier, at a height of about nine thousand feet, accompanied by Baptiste, the guide, who marched in front. The two progressive young men, worthly represents the energetic spirit of Syracuse, N. Y., his guide, who marched in front. The two men were attached to each other by a reporter he stated the tacts of his late sickness, rope, as is usual in Alpine mountaineer.

"I take great pleasure in testifying to the wonderful curative virtues of Dr. Greene's Nervurs blood and nerve remedy. I suffered torture from pains in, my limbs and back and my kidneys were in an awful condition. I could not sleep well and felt very miserable. My stomach was very weak and I could not enjoy my food. Now all is changed. I have no pain, can est and sleep naturally and am entirely cured by Dr. Greene's Nervura blood and nerve remedy."

Both the young and the old will do well to fei-low the lead of these young business men and secure their health first of all. This remedy will cure every time, for it is the great giver of nerve ble medicine and harmiess, and is sold by drug-gists at \$1. It is the discovery of the well-known Dr. Greene, of 35 West 14th st., New York, the famous specialist in curing nervous and chronic diseases. He can be consulted free, personally or by letter.
